

Draping the Altar (short tribute)

Tonight, we drape the Charter in loving memory of Sister (or Brother) _____, who has followed the Light from the East to its Ultimate Source.

The many years during which we were privileged to associate with Sister (Brother) _____ are an important part of our cherished memories. The absence of our beloved member will be keenly felt as we continue in the work which meant so much to her (him).

The contributions of Sister (Brother) _____ have become an enduring part of our association and as we, too, follow the Light from the East we shall find our lives richer and fuller for having walked a part of that way with her (him).
